

CALL FOR PAPER

IEEE iWEM 2011

IEEE International Workshop on Electromagnetics:
Applications and Student Innovation Competition

web.oit.edu.tw/iWEM2011/

August 8-10, 2011, Oriental Institute of Technology,
Taipei, Taiwan

General Chairs

Prof. Dau-Chyrh Chang (Taiwan)
Prof. Joshua Le-Wei Li (China)
Prof. Kwai-Man Luk (Hong Kong)
Prof. Hiroyuki Arai (Japan)

IEEE APS/MTTS/EMCS
/IMS Taipei Chapters

IEEE APS/MTTS Tainan
Chapter

Due to the success of AEM2C2010 in Taipei, IEEE iWEM (IEEE International Workshop on Electromagnetics: Applications and Student Innovation Competition) was proposed and discussed by the Scientific Committees of AEM2C. Finally, IEEE iWEM was decided as the future name instead of AEM2C. The next four workshops were also decided as follows: IEEE iWEM2011 in Taiwan, IEEE iWEM2012 in China, IEEE iWEM2013 in Hong Kong, and IEEE iWEM2014 in Japan. The founders of IEEE iWEM, Prof. Dau-Chyrh Chang (Taiwan), Prof. Joshua Le-Wei Li (China), Prof. Kwai-Man Luk (Hong Kong), and Prof. Hiroyuki Arai (Japan) are the General Chairs of IEEE iWEM. IEEE iWEM2011 was approved and sponsored by IEEE in October, 2010. **All accepted papers of IEEE iWEM will automatically appear in the IEEE Xplore digital library.**

The Workshop and Innovation Competition provide a unified and unique international forum for the Applications of Electromagnetism and Innovations in the field, as well as an opportunity to exchange ideas with others in the area of Electromagnetics. The workshop will include not only paper presentations, but also will have awards for the best paper and the Student Innovation Competition. **The topics covered by the IEEE iWEM include Applications of Antennas, Propagation, Measurement, EM Theory, and EM simulation, and other related topics are also welcome.**

Important Dates

Deadline of paper Submission: **30 April 2011**

Notification of Acceptance: **30 May 2011**

Submission of Paper

Authors are invited to submit original and unpublished research papers. Submitted manuscripts should not exceed 4 camera-ready pages and should be written in English, including all text, references, figures and photographs. Authors are required to format their material using the iWEM Proceedings template. Please follow the author guidelines to prepare your papers. Detailed author guidelines and templates are available at web.oit.edu.tw/iWEM2011/
